# OUTLOOK

Last season continued the climb upward for the Wright State women's basketball program. For the third straight season, the Lady Raiders increased the win total from the previous year as WSU went from 8-20 in 1991-92 to 9-18 in 1992-93. Coach Terry Hall's club finished 5-11 in its first season in the Mid-Continent Conference and hopes to continue the upward climb this season.

"I'm very optimistic about the 1993-94 season," said Hall, in her fourth year at Wright State. "The team is dominated by veterans—and experience is always a key to success."

Youthful experience is a rare combination on any team. However, the case holds true with the 1993-94 Lady Raiders as four starters return but only one senior is on the roster.

Leading the list of returning starters is junior forward **Lori Collins**. Named to the North Star Conference All-Newcomer Team as freshman, Collins took her game to the next level last season as she increased her scoring average (8.3 to 9.2), field goal percentage (.324 to .350), foul shooting percentage (.565 to .646), assists (29 to 60) and steals (38 to 54). The top returning scorer and rebounder on this year's team, Collins will be counted on heavily this season.

Also returning as a starter for the third straight season is junior guard **Jennifer Brigner**. Brigner, who was the team MVP her freshman season, has the season (41) and career (81) three point records at WSU. She, like Collins, increased her scoring and rebounding averages last season and looks to take the next step this season.

The returning starter at the point guard

position will be sophomore guard **Anita Jurcenko**. Jurcenko, who missed six games last year due to illness, started in 11 games, including the final four games of the season. She had 27 assists and 18 steals last season.

The final returning starter will be junior center/forward **Tracy Nixon**. Nixon has the top returning foul shooting percentage on the team (.782) and will enter 1993-94 having made her last 21 foul shots. She was fourth in rebounding a year ago and was third in offensive rebounds (56) as she had nearly as many offensive rebounds as defensive rebounds (57).

The Lady Raiders also return five other letterwinners in 1993-94 with each playing a significant role. Returning at guard will be two juniors—**Connie Alig** and **Shelly Meadlo**. Alig started 18 games last season after missing almost all of the 1991-92 season due to a knee injury and led the team in assists (68) and steals (57) and was third in blocked shots with five. Meadlo appeared in all but one game in 1992-93 and provided a spark throughout the season off the bench, including scoring a total of 40 points in three straight road games in late January and early February.

Returning in the front court will be senior **Melissa Reeves** and sophomores **Heidi Beal** and **Angie Pohlman**. Reeves, the only senior on the squad, was second on the team with five three-pointers and scored in double figures five times off the bench last season. Beal was second in blocked shots last season with 10, including five at Indiana State in February. Pohlman looks to bounce back from foot surgery this summer and play a contributing role.

Along with the nine returning letterwinners, three newcomers look to play a role with this year's team. Guard **Lori Blanchard** comes from Wooster High School, which was nationally ranked her junior year, freshman center **Michele Dalbey** will be looked upon to help contribute inside, and junior guard/forward **Joy Lynn Westendorf** will be counted on to step in and contribute right away.

"The three incoming players are going to be very important to the team and hopefully they will quickly learn our system of play," said Hall.

The 1993-94 schedule will be a challenge as 10 of the 17 teams on the schedule had winning records last season. Two of the teams, Western Kentucky and Northern Illinois, won 24 games last season and went to the NCAA Tournament while five other teams won at least 15 games during the

1992-93 season. Besides games with local rivals Dayton and Cincinnati, the schedule features 18 Mid-Continent contests and matchups with Indiana at the Nutter Center and at Western Kentucky in December.

"I think we will 'turn the corner' this season," said Hall. "I am not looking at .500, but higher! We play a tough schedule, as always, but our experience should help us win close games this season. Being competitive is not our goal this year—winning is!!"

# COACHING STAFF

## Terry Hall Head Coach Fourth Year

In her three seasons at Wright State, head coach Terry Hall has been able to turn the women's basketball program into her style of basketball and looks forward to what could be her most productive campaign at Wright State this season. Hall has proven her knowledge of how to direct a winner as the team has seen its

record improve each of her three seasons.

As the interim head coach at Eastern Kentucky during the 1974-75 season, Hall guided the Colonels to a 14-6 record. The next season, Hall was named the first full-time women's basketball coach at Louisville. Her Cardinal teams finished .500 or above in

each of her five seasons, including a 18-9 record in 1977-78. In Hall's only .500 season in Louisville (17-17 in 1979-80), the team claimed the Metro Conference championship. In five years at Louisville, Hall compiled a 79-54 (.598) mark.

When the 1980-81 season started, Hall found herself as the head coach of another school in the Bluegrass State—the University of Kentucky. In seven years with the Wildcats, Hall posted an impressive 138-66 (.676) record. She led UK to records of 25-6, 24-8 and 23-5 during her first three seasons and, like at Louisville, never finished below .500 in a season. During her stay at Kentucky, five of Hall's teams made the NCAA Tournament.

In her three seasons at Wright State, Hall has added to her list of accomplishments. She was named the North Star Conference Coach of the Year after the 1991-92 season. Last season, she picked up her 250th collegiate win with a 70-59 triumph at Indiana State on February 4.

Hall earned a Bachelor of Science degree in physical education, health and recreation in 1966 from Indiana State University while playing basketball, field hockey and volleyball there. In 1966, she was honored with the prestigious Hillman Award as the most outstanding female athlete at ISU. Hall completed her master's degree in education/physical education from Eastern Kentucky in 1975.

During her three-year hiatus from coaching, Hall ran her own basketball scouting service and worked as a stockbroker in Lexington, Kentucky.

Hall still has strong ties to her native Salem, Indiana. Her parents, Henry and Lucille Hall, and her sister, Judy Hall, still live in Salem. Hall's other sister, Mardee McNay, lives in nearby Columbus, Indiana.

## **Lisa Fitch   Assistant Coach   First Year**

Lisa Fitch will be entering her first season as an assistant coach this season. Fitch, however, is familiar with Wright State as she was the head coach at Akron, a former conference rival in the North Star Conference, the past four seasons.

A 1981 graduate of Ohio University, Fitch was a four-year letter winner in basketball for the Lady Bobcats and earned her master's degree in sports administration there in 1982.

Fitch began her coaching career at Walsh College in 1984 where she was the head women's basketball coach for two years and softball coach for five years. While at Walsh she was named Greater-Ohio Athletic Conference Softball Coach of the Year in 1985 and Mid-Ohio Conference Women's Basketball Coach of the Year in 1989.

Fitch will assist with the overall administration of the program from recruiting and scouting to day-to-day practice and office organization.

## **Pam Riffel   Athletic Trainer**

Pam Riffel is in her second season as the trainer for the women's basketball team. She assists head trainer Tony Ortiz with the health care of the Raider athletes for WSU's 14 varsity sports.

A native of Lewisburg, Ohio, Riffel graduated from The Ohio State University with a bachelor's degree in physical education. While at Ohio State, she was a student trainer and cared for and traveled with various sports.

Currently residing in Lewisburg, Riffel attends graduate school at Wright State and is working on her master's degree in education.

## **Matt Zircher   Sports Information Intern**

Matt Zircher is a newcomer to the Wright State athletic department, joining the staff in August. He will be the women's basketball contact this season.

Zircher received his bachelor's degree in sport management from the University of Dayton this past May. He was a student assistant in the Flyer sports information office for four years and served as the baseball and women's basketball contact.

A native of Russia, Ohio, Zircher is the sports information representative for Raider volleyball and softball as well as women's basketball.

## 1992-93 SEASON REVIEW

The Wright State women's basketball team continued its upward climb last season, improving from 8-20 in 1991-92 to 9-18. The team finished seventh in its first season in the Mid-Continent Conference with a 5-11 record. It was an up and down season as Wright State never won or lost more than four in a row.

The Lady Raiders started the season with a crushing 88-44 loss at Indiana, but bounced back with wins at the Nutter Center over Morehead State and Marshall. Wright State then lost three straight to local rivals, falling to Miami at home and Cincinnati on the road before losing a tough 58-54 game to crosstown rival Dayton at home.

Coach Terry Hall's club then defeated Austin Peay at home but finished 1992 with two losses, one to Big Eight power Missouri at the Nutter Center and one at Xavier on New Year's Eve. WSU entered 1993 with a 3-6 record.

The new year didn't start well for Wright State as the team started its first season in the Mid-Continent Conference with losses to Valparaiso and Illinois-Chicago. The first conference win then came in a 65-54 win against Eastern Illinois,

followed by wins in two of the next three games at Cleveland State and against Western Illinois. The month of January, however, ended just as it started with back-to-back losses at Wisconsin-Green Bay and Northern Illinois. The Lady Raiders went 3-5 for the month and were 6-11 overall.

February began with a win at Indiana State, the last nonconference foe of the season, and at Eastern Illinois. The roller coaster ride continued, however, with four straight losses, including a 125-87 loss at Valparaiso. WSU finished at 3-4 for February with a win at Western Illinois.

The regular season ended with the Lady Raiders dropping their final two games against Wisconsin-Green Bay and Northern Illinois. The club then lost in the first round of the first women's Mid-Continent Tournament to Wisconsin-Green Bay 76-60 in Green Bay.

Senior center Peggy Yingling grabbed MVP honors and was named to the Mid-Continent's Second Team. The leading scorer and rebounder on the team, Yingling finished fifth all-time in scoring with 1,107 points and was fourth all-time in rebounds with 639.

# MID-CONTINENT CONFERENCE

Innovative, progressive and nationally recognized, the Mid-Continent Conference enters its twelfth year with an ongoing effort to enhance intercollegiate academics and athletics while continuing a tradition of ethics and integrity.

The Mid-Continent Conference was formed in 1982 when eight midwestern institutions—Cleveland State, Eastern Illinois, Illinois-Chicago, Northern Iowa, Southwest Missouri State, Valparaiso and Wisconsin-Milwaukee—joined ranks. The initial goal was to secure an automatic bid to the prestigious NCAA men's basketball tournament. Having accomplished that in 1986, the league then switched its priorities and, with the hiring of Jerry Ippoliti as the league's first full-time commissioner, began its successful marketing and promotional campaign that has put the league on the national map.

Ippoliti enters his sixth year as the conference's commissioner and is responsible for the league's dramatic rise in visibility. Ippoliti has guided the conference through the league's current expansion to 10 teams. In 1989, the league expanded its membership when Northern Illinois and Akron were accepted into its ranks. Akron did later switch its affiliation to the Mid-American Conference, while Southwest Missouri State and Northern Iowa became members of the Missouri Valley Conference. Wright State became a Mid-Con member in 1991, while Youngstown State and Wisconsin-Milwaukee joined the league in 1992 and 1993, respectively.

In 1988, a television package with SportsChannel was developed which provided for the telecast of conference basketball

games on a regular basis for the first time in conference history. In 1991, a new contract with SportsChannel was negotiated, which provides live coverage not only for men's basketball, but for women's basketball, softball, baseball and soccer. The live women's basketball package is one of the largest and most comprehensive in the nation.

In addition, SportsChannel plays host to the conference's issue-oriented talk-show, "SportsCheck". Hosted by *Sports Illustrated* senior writer Rick Telander, "SportsCheck" addresses issues that impact upon sport and society.

The Mid-Continent Conference successfully incorporated women's athletics into the league fold last season. The conference now offers student-athletes championships in 13 sports. Over the years, Mid-Continent Conference coaches and athletes have distinguished themselves both on and off the field, winning national recognition for academic and athletic achievements. Most recently, Wright State junior pitcher Brian Anderson was selected as a First-Team All-America by the Associated Press. Anderson, who was the third overall pick in the Major League Baseball Draft by the California Angels, was also named to the GTE Academic All-America Team.

In addition, the Mid-Continent hosts an annual professional development seminar for its member institutions with a focus on marketing, promotions, development and sports information. The conference also produces *The Courier*, a quarterly newsletter, and several Chicago-area media luncheons.

# WRIGHT STATE UNIVERSITY

In the tradition of the nation's best universities, Wright State University is dedicated to teaching, research, and service. In addition, as a metropolitan university near Dayton, Ohio, Wright State has the distinct mission of providing leadership to improve the quality of life for the people of the Miami Valley. Wright State's link to area business, community, and research organizations in and around Dayton also offers a diverse student body unique educational opportunities.

The university serves more than 17,500 students with programs leading to more than 100 undergraduate and 40 graduate and professional degrees through five colleges and four schools. Wright State offers innovative educational programs, including doctoral programs in biomedical sciences, human factors and industrial/organizational psychology, medicine, and professional psychology; Ohio's only combined computer science and engineering Ph.D. program; the world's only aerospace medicine residency program for civilians; and a post-master's educational specialist degree program. Wright State's theatre, accounting, chemistry, geology, and engineering programs are recognized for excellence. The WSU Lake Campus near St. Mary's and Celina, Ohio, offers associate and pre-baccalaureate degrees.

Wright State University's faculty is dedicated not only to advancing the frontiers of knowledge but also to applying knowledge to real problems. Most classes are small and taught by fully affiliated faculty members, 80 percent of whom hold the most advanced degrees in their fields. In addition, students gain hands-on experience through a variety of community-based programs,

cooperative education, internships, and research projects operated with industry and government.

Over 1,700 of Wright State's students live in university-affiliated residences on or adjacent to the 557-acre main campus. An extensive underground tunnel system links most campus buildings, whose modern architecture is nationally recognized for being completely accessible to people with disabilities. Although most students hold jobs on or off campus, many are involved in one or more of the 160 student clubs and organizations that give vibrancy to campus life.

The university offers 14 Division I intercollegiate athletic programs, and many students participate in intramural sports programs. The Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex, and other recreational facilities are available to students on a daily basis. Besides intercollegiate athletic events, the Nutter Center hosts convocation, concerts, and other cultural and entertainment events, seating 3,000 to 13,000.

The University Libraries, consisting of the Paul Laurence Dunbar Library and the Fordham Health Sciences Library, are linked through the new OhioLINK system and Internet to holdings of other major academic libraries in Ohio and to a wide range of databases for electronic research.

Financial aid is available for basketball student-athletes. On-campus housing is also available; interested students are encouraged to apply early.

Wright State is an equal opportunity/affirmative action institution. For more information about Wright State, call the Office of Admissions at 513/873-2211.

# WRIGHT STATE'S PRESIDENT

## Paige E. Mulhollan

Dr. Paige E. Mulhollan, the third president of Wright State University, came to Wright State in 1985 from the position of executive vice president at Arizona State University. He had originally served Arizona State University in 1978 as provost and vice president for academic affairs and professor of

history; in 1981 he was named executive vice president. From 1973 to 1978, Dr. Mulhollan was dean of arts and sciences and professor of history at the University of Oklahoma. Before his appointment at the University of Oklahoma, he was associate dean of arts and sciences and associate professor of history for three years at Kansas State University.

In 1966, Dr. Mulhollan earned a Ph.D. degree in history from the University of Texas at Austin. During 1968-69 he conducted over 125 oral history interviews relating to the Johnson Administration and American foreign policy in the 1960s. This material, held under copyright by the National Archives, is currently located in the Johnson Library in Austin, Texas.

Dr. Mulhollan is a consultant-examiner for the North Central Association and a member of many professional and national

associations and commissions. He was also selected to represent Division II on the NCAA Presidents Commission. The commission, a 44-member body, provides college presidents the opportunity to have a direct voice in NCAA legislation. He began serving on the commission in January 1986 and served until September 1987, when Wright State moved to Division I status.

Besides his work within the university, Dr. Mulhollan is active in the Dayton metropolitan community. He currently serves on the boards of Dayton Area Chamber of Commerce, Greater Dayton Public Television, Miami Valley Research Foundation and the Dayton Art Institute.

In addition to maintaining a full work schedule, Dr. Mulhollan stays physically active. His belief in the importance of physical and mental fitness is reflected in his practice of lunch time jogging. His wife, Mary Bess, has a variety of interests including field botany, bird watching, nature photography and ceramics. Dr. and Mrs. Mulhollan enjoy walking with their two golden retrievers and, when time permits, sailing their boat on Lake Erie. They also enjoy special getaways such as sailing trips in the Caribbean. The Mulhollan family includes two sons, ages 34 and 36, and three grandchildren.

Dr. Mulhollan will retire from the university in 1994.

# DIRECTOR OF ATHLETICS

## Michael J. Cusack

With Wright State's transition to Division I fully complete after six successful years, athletic director Michael J. Cusack certainly deserves to reflect on the program's growth since he came to Dayton in April 1982. But don't expect him to rest on his laurels. Ever.

One of the major forces behind the move to Division I, Cusack continues to press forward with several major projects, including the department's recent move into the Ervin J. Nutter Center. In addition to assisting with the design of the athletic components of the building, Cusack formed the Director's Club, a committee of prominent business and community leaders who sold premium seats in the new arena. Longtime Miami Valley sports promoter Edgar "Lefty" McFadden was heavily involved in that campaign, which resulted in the sales of approximately 1,500 premium-seat packages. Cusack also has formed the new Athletic Director's Club to generate scholarship monies.

Guiding new ideas is nothing new to Cusack, who engineered several successful projects that helped make Wright State one of the most successful Division II programs in the country. One of his first projects was the formation of the Pacesetter Club, whose goal is to raise money for the department for both operating funds and grants-in-aid. The Pacesetters also form the nucleus of support at home basketball games. They enjoy special parking privileges and have the use of the Berry Room at halftime and after games. Another Cusack project was the addition of 600 theatre-type seats in the P.E. Building. The seats were occupied primarily by season ticket holders and gave the Physical Education Building a prestigious look.

In 1986, he helped design and unveil Rowdy Raider, the first official mascot of the university. The mascot appears on wearing apparel, athletic letterheads and spirit items.

The university continues to present a well-rounded program under Cusack's leadership. The university offers seven sports for men and seven for women. The student-athlete concept has prospered under Cusack's leadership. He hired an academic advisor for the program and stresses the importance of success in the classroom with his coaching staff. He also instituted a drug education and testing program designed to help diagnose and rehabilitate potential abusers. In addition, he designed a community awareness program that carries a "Say No to Drugs" campaign to area youth.

Success has been no stranger to Wright State's athletic programs since Cusack's arrival. The men's basketball team won the national championship less than a year after he took over as director of athletics. Since then, the men's program has made two NCAA regional appearances, including the 1986 tournament that

Wright State hosted. The wrestling squad and men's and women's swim teams all made appearances in the Top 10 at the NCAA Division II championships. The baseball team made three regional tournament appearances, including a 1987 second-place finish at the College World Series. Also in 1987, the women's basketball program earned its first NCAA regional tournament bid, and the golf team was selected for the NCAA championships four years after the sport was reinstated to varsity status.

Cusack came to Wright State after spending four years as the director of athletics at Mercyhurst College in Erie, Pennsylvania. His major achievement at Mercyhurst was guiding the school from NAIA to NCAA Division II membership. He also headed a project in 1981 to add a Division III football program. In its first year, the project sold more than 700 season tickets.

A native of Levittown, New York, Cusack earned his Bachelor of Science degree in physical education from Long Island University in 1964. He received his Master of Science degree in physical education from Queens College in 1969 and Ed.D. degree in 1980 from New York University in administration of physical education and athletics.

Following graduation in 1969, Cusack spent nine years at Queens College as a member of the physical education faculty. He served as head baseball coach, assistant basketball coach and assistant athletic director. His baseball teams had a combined record of 65-27 with teams appearing in postseason tournaments each of the four years. He was inducted into the Athletic Hall of Honor at Queens in December 1986.

Cusack and his wife, Dorothy, live in Beavercreek, Ohio. The couple has five children: Michael, 27; David, 25; Jennifer, 24; Kristen, 23; and George, 18. They have two grandchildren.

# DAYTON

## **Dayton: Where innovation meets tradition**

From the Wright brothers' first flight experiments in their Dayton bicycle shop to the invention of the first self-starting automobile ignition system by Charles F. Kettering, from the cash register to the automated teller machine, Dayton has a strong tradition of encouraging innovation, excellence, and service to humanity. Over 900,000 residents, four Fortune 500 companies, and Wright-Patterson Air Force Base call Dayton's metropolitan area home.

Dayton is a place that takes as much pride in historical preservation and parks as it does in high technology. Located in southwestern Ohio's Miami Valley at the confluence of the Great Miami, Stillwater, and Mad Rivers, Dayton is a picturesque combination of rolling hills, flowing waterways, and open spaces. Dayton boasts more green area than any U.S. city its size. Over 35,000 acres of parks, nature preserves, and other greenery beckon you to enjoy your favorite outdoor activities, and a popular river corridor along the Great Miami River offers 26 scenic miles of walking, jogging, and cycling.

## **In the heart of the Midwest**

Dayton welcomes its visitors with big-city amenities and small-town, midwestern friendliness.

Dayton's central location among Columbus, Cincinnati, and Indianapolis put within easy driving major collegiate and professional sports activities, cultural events, and other recreational

opportunities. And it's one of the nation's most accessible (and affordable) destinations. Chicago, Detroit, and Cleveland are all within a day's drive, and Indianapolis and Louisville are even closer. And Cincinnati is just 54 miles away.

Each year, over 2.5 million people visit Dayton for business and pleasure. Over 100 festivals and the United States Air and Trade Show, a four-day celebration of flight, delight visitors from all over the nation. The U.S. Air Force Museum at Wright-Patterson Air Force Base, the oldest and largest military aviation museum in the world, has become the state's number one free visitor attraction.

Other notable places to see include the National African-American Museum and Cultural Center, the Museum of Natural History, the historic Wright Brothers Bicycle Shop, and Carillon Historical Park, a museum complex featuring hundreds of exhibits including the Wright Flyer 111, the world's first airplane designated a National Historic Landmark by the National Park Service.

Dayton is strong in the arts. The Dayton Ballet Company is the nation's second-oldest regional company, and the Dayton Contemporary Dance Company is now in its 20th year. The Dayton Philharmonic Orchestra has been performing for over 41 years, and the 71-year-old Dayton Art Institute houses an internationally acclaimed collection of paintings, sculpture, and decorative art spanning many cultures and time periods.

# MEDIA INFORMATION

This media guide is designed to assist you in your coverage of the Wright State University women's basketball team. Additional information can be obtained by contacting the sports information office at 513/873-2771.

**Credentials:** Season credentials for men's and women's basketball will be available to the local beat reporters and columnists, as well as to the local television stations, prior to the opening game. Season passes are also available to the local newspaper at least three days in advance and will be held at the Will Call window at the Nutter Center box office.

**Parking:** Season parking passes will also be available for the local media before the opener. Press parking is in a designated area behind the building. Parking requests for an individual game should be made as far in advance as possible.

**Photographers:** Still photographers are limited to working the endlines of the court. Video camera operators may also use the endlines or shoot from the concourse level behind the endlines. Visiting teams may shoot video from the platforms near midcourt but must alert the sports information office beforehand. Team videographers will not be allowed on platforms during games televised locally, but the concourse is available for use, or the television center can provide a video tape of the game if a blank tape is provided in advance.

**Radio:** Permission to broadcast games from the Ervin J. Nutter Center must be granted by the sports information office. A phone line is available along press row for the official station of the visiting team at a cost of \$50 per game. Unless specified otherwise, space on press row will be allocated for a broadcast crew of two.

**Television:** All requests for televising Wright State basketball games should be directed to Dr. Michael J. Cusack, director of athletics.

**Press Room:** A press room is located on the court level just outside the open end of the horseshoe-shaped arena. Counter space and phone lines are available for writers.

**Services:** Programs and season statistics will be available to the media prior to each game. Visiting teams will also be encouraged to distribute their information to the press. A complete NCAA box score and play-by-play will be distributed following the contest. Halftime box scores will be available at halftime.

**FAX:** A FAX machine is available for use by the media and by visiting teams as requested. The FAX machine is located on the third floor in the sports information office.

**Interview Policy:** Coach Hall conducts open practices and media members are permitted to observe. Practice time is routinely from 1 to 3 P.M. and interviews may be requested of the players or coaches before or after those times. Press members should not solicit interviews during practice time or during the day of a game. The sports information office will set up interviews with players, if requested two or three days in advance. To speak with Hall, contact the basketball office at 513/873-2771. A good time to reach Hall is between 10 A.M. and noon.

**Postgame Interviews:** Following an NCAA-recommended "cooling off" period of 10 minutes, Hall will be available for the media. If demand warrants, Wright State players and the opposing coach will also be brought to the media for interviews. It is up to the discretion of the visiting coach to make opposing team members available.

**Sports Information Personnel:** Bob Noss is in his second year as the sports information director. In August, Matt Zircher joined the staff as the sports information intern. They are assisted by the following students: Laney Baldwin, Jeff Lightner and Doug Rentz.

## THE ERVIN J. NUTTER CENTER

In the fall of 1990, the entire Wright State University athletic department moved into a shining, new multi-purpose facility—the Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex that seats 10,632 for basketball.

In addition to hosting intercollegiate athletic events, the arena hosts convocations and concerts. Impressive amenities include 14 corporate boxes overlooking both sides of the court. Each box provides seating for 12, private restrooms, closed-circuit television and wet bar capabilities. The John W. Berry, Sr., Room overlooks the endline of the court and serves as the headquarters of the Pacesetter Club on game nights. The C. J. McLin, Jr., Gymnasium provides additional playing floors for athletic practices and facilities for physical education instruction and recreational activities. The McLin Gym also hosts athletic events requiring less than 500 seats.

Along with holding the intercollegiate athletic offices, the Nutter Center also houses the team locker rooms and training facilities, and the offices and programs of the Department of Health, Physical Education and Recreation. Educational facilities for general use by students, faculty, staff, alumni and the community are also provided. A highly visible site is where the center is located—at the corner of Colonel Glenn Highway

and North Fairfield Road, right off I-675.

Funding for the center came from a \$4 million appropriation from the State of Ohio and a \$1.5 million donation from Ervin J. Nutter, an area business leader and former member of the Wright State Board of Trustees. Also, an increase in student fees permitted bond financing of the sports/students activities complex. In addition, the Director's Club, a committee of community business leaders, sold premium seat packages in the new arena.

Construction began on March 14, 1989, with the Shook Building Group as the general contractor on the project. KZF Inc., an architectural firm from Cincinnati, led the project design. Assisting with the design was Hellmuth, Obata and Kassabaum's (HOK) Sports Facility Group, the only architectural firm in the country whose practice is devoted solely to the programming, design and development of athletic facilities. HOK has been involved with the development of the Truman Sports Complex in Kansas City, Giants Stadium, the Silverdome, the Hoosier Dome/Indiana Convention Center and Joe Robbie Stadium in Miami. Ogden Allied Entertainment Services is the private management company for the Nutter Center.
